

MATOUK

SPRING 2024

Lush with prints and sumptuous textures, the Spring 2024 collection celebrates Matouk's unique savoir-faire with an array of new and artfully remixed pieces.

Our Luca percale is adorned with Schumacher's vivid prints across bedding, pajamas, shower curtains, and tissue box covers; from Catarina's hand block-inspired motif and Levi's more clean-cut graphic style, to the bohemian spirit of Granada's floral pomegranate print. The new Jasper style features a signature Matouk shagreen print on sateen in a refreshing palette of greens, greys, pinks, and blues.

New arrivals expand the collection in thoughtful ways. Pajamas make getting ready for bed just as great as getting into bed, taking all the comfort and exquisite quality of our Luca, Milano, and Nocturne sheeting to create the ultimate nightwear. Our new coverlets, highlight pieces for spring, are crafted in a range of qualities that showcase their versatility; both a cool single layer for warm nights and a crisp addition to the bed all year round. New Camilla and Louise piques add scalloping and appliqué to a lightweight triangle-textured weave, while the yarn-dyed Malibu coverlet exudes a cool, West Coast aesthetic. The Milano quilt and Lowell matelassé rework existing core qualities and embellishments to create new modern classics.

Beach styles infuse the upcoming summer season with a bold, playful mood. The elegantly striped Como 360 towel offers multiple uses as a wrap, blanket, throw, or table linen. Perfect for the pool, the Neptune and Helios towels in Cairo terry provide rich absorbency with a fun scallop or straight appliqué edge. The screen printed Seahorse towel combines craft, character, and breathtaking colour.
