World of Customization

World of Customization

The phrase ‘bespoke,’ while commonly used today, has its origin in a time when ‘made to order’ products were expected and customers trusted that their whims were paramount. Matouk was founded on these principles and has been producing linens with this philosophy since 1929. The same experience and expertise that allows us to execute our classic items to perfection also allows for personalization. Our factories in Fall River and the Philippines operate at the top of their craft, which makes artful innovations possible at peerless quality and without significantly extending the timeline of your order.

Become our collaborator on custom and bespoke linens for occasions when you want an item that is yours alone, or when the design in your mind’s eye calls for unique detailing or sizing. We can realize your dreams by substituting a base fabric, changing embroidery colors, or creating standard items in a custom size. So, go ahead, get particular. Matouk has a World of Customization for you to explore.

Customizing Standard Products

All standard Matouk products are carefully designed and crafted to use an ideal blend of fabric, construction and color, but we know you may want linens with a specific, custom combination of these components. You might like certain aspects of one standard product, but prefer other attributes of a different one. This section of our World of Customization will help you understand how to get exactly what you want.

There are eight primary ways to customize our standard products:

- I. Changing Appliqué and Tape Colors
- II. Changing Embroidery Colors
- III. Making a Standard Item with Custom Dimensions (Custom-Sizing)
- IV. Making Base Fabric Substitutions
- V. Applying a Standard Finishing Detail to the Fabric of Your Choice
- VI. Creating Bed Linens from Printed Table Fabric
- VII. Custom Quilts
- VIII. Archived Products

Fundamental Principle: How do you know if you can customize a standard product?

Just look where it's made. If a standard product is made in the USA (at our factory in Fall River, MA) or in the Philippines, then you can customize it. If it's made somewhere else, then you can't.

I. Changing Appliqué or Tape Colors

Let’s say that you have selected a product with a tape or appliqué finish and you are happy with the base fabric, but you want to customize it by changing the appliqué or tape color? How do you know if that is possible and, if it is, how do you know what options are available? Again, the production location is critical here. Let’s start with products made in Fall River, MA.

For items made in Fall River, you can use the Matouk Tape Book to select custom tape colors for the following styles which already have a standard tape finish:

BED

- | | |
|------------------|-----------------|
| Baudin Butterfly | Margot |
| Camilla Pique | Palmyra Quilted |
| Celine Quilted | Pomegranate |
| Charlotte | |
| Chrysanthemum | |
| Del Tesoro | |
| Gabriel | |
| Granada | |
| Joplin | |

BATH

- | |
|---------------|
| Astor Braid |
| Bel Tempo |
| Cairo |
| Cairo Scallop |
| Classic Chain |
| Daphne |
| Gordian Knot |
| Francisco |
| Jasper |
| Newport |
| Regine |

You can feel free to change both the base fabric and the appliqué color at the same time.
Example: Would you like our Camilla Pique Style with Marble 3855 tape? Certainly!

For items made in the Philippines, you can use any color of Milano or Nocturne fabric to change the appliqué color on the following styles:

BED

- | | | |
|-----------------------|-----------------------------|---------|
| Ambrose | Lowell | Enzo |
| Aziza | Lowell Matelassé | Mirasol |
| Aziza Matelassé | Louise (corded edge) | |
| Bryant (corded edge) | Louise Pique | |
| Calypso (corded edge) | Mirasol | |
| Daphne (corded edge) | Mirasol Matelassé | |
| Feather | Nocturne | |
| Gatsby | Ophelia Pique (corded edge) | |
| Lorelei | | |

BATH

You can feel free to change both the base fabric and the appliqué color at the same time.
Examples: Would you like the Bryant style, but made on Gatsby Bone base fabric with Nocturne Pool cording? Of course! How about Mirasol, but made on Nocturne Azure base fabric with Navy appliqué? It’s yours!

II. Changing Embroidery Colors

Now let’s say that you have selected a product with an embroidered finish and you are happy with the base fabric, but you want to customize it by changing the embroidery color. Regardless of where that item is made in Fall River, MA (e.g. Ansonia or Bergamo) or in the Philippines (e.g. Daphne or Stella), you can change the thread color to any thread from the Matouk Thread Book.

For items made in Fall River, you can use the Matouk Thread Book to select custom embroidery colors for the following styles:

BED		BATH			
Ansonia	Classic Chain	Adelphi	Classic Chain	25091T	45952
Apolline	Geranium	Astor Braid	Daphne	43889	32006
Axel	Gordian Knot	Bel Tempo	Gordian Knot	45840	32098
Bel Tempo	India			32734	43484
Bergamo	India Pique			32225	45976
Butterfield	Khilana	ACCESSORIES		32088	43045
Celine	Palmyra	Matouk Schumacher Guest Towels		32036	43391
Ceylon Satin Stitch	Talita Satin Stitch				

For items made in the Philippines, you can use the Matouk Thread Book to select custom embroidery colors for the following styles:

BED		ACCESSORIES	
Astor Braid	Classic Chain Scallop Matelassé	Marcella	Embroidered Guest Towels
Astor Braid Matelassé	Daphne	Ophelia	Embroidered Tissue Box Covers
Atoll	Daphne Matelassé	Ophelia Pique	Embroidered Shower Curtains
Bel Tempo Nocturne	Dorothy	Prado	
Callista	Feather	Stella	
Classic Chain Scallop	Hatch		

III. Making a Standard Item with Custom Dimensions (Custom–Sizing)

You can have any item made in Fall River, MA or the Philippines in a custom size. It is important to know the width of the fabric you are working with in order to determine the maximum size an item can be made without “piece-ing” the fabric together in a way that requires additional seams. You will find the fabric width on each relevant page of the Matouk Book. It is also important to consider the directionality of patterned fabrics as that will affect our ability to make oversized items.

Please be aware that our custom sizing capabilities only pertain to items that are in the product’s standard size assortment. For example, if you would like a custom–sized coverlet for an item that has standard sized coverlets (e.g. Diamond Pique, Petra or Camilla Pique), that is not a problem. However, if you would like a coverlet made in a style that does not have standard sized coverlets (e.g. Ansonia or Lowell), you must contact customer service in advance for approval.

IV. Making Base Fabric Substitutions

Let’s say you have selected a product but you want to customize it by changing the base fabric. How do you know what fabrics are available? Great question. Again, it’s all about the location. You can substitute fabrics based on the fabrics that are available in the location of production of any item.

Here is the list of the fabrics we keep in Fall River, MA and the Philippines. All colors are available unless otherwise specified. See the Base Fabric Substitution Guide on pages custom 9-13 for how to price your item.

Matouk Monograms

Crafting an Heirloom

A monogram adds a personal touch to the most intimate spaces in your home. At Matouk we monogram using techniques passed down for generations, and have recently expanded our capabilities by implementing the use of modern embroidery machinery. This rich tradition is reflected in our vast library of designs with options for most architectural styles, each one beautifully executed to the standards of Matouk. To begin, select the style of monogram, letter combination, and color from the Matouk Thread Book that complements your home.

At Matouk, monograms come in two styles:

EMBROIDERED

Thread is stitched directly onto fabric. Elegant and light, an embroidered monogram is an understated finishing touch.

APPLIQUÉ

Bolder and more graphic, the letters in appliqué monograms are cut out of fabric and sewn down with a hand-guided embroidery machine.

Quick Ship Monograms

Matouk offers expedited delivery on a curated selection of our embroidered monograms, called Quick Ship Monograms (QSM). For in-stock merchandise, the monogram styles below will ship in just 7 business days.
