

Merchandising Guide

Fall 2025

We're pleased to share our Fall 2025 Merchandising Guide, created to inspire thoughtful pairings of our new introductions and Matouk favorites. This season is a celebration of rich textures and fresh perspectives designed to bring a renewed sense of energy to every space.

Inside, you'll find seasonal standouts like Palmyra, Gabriel and Marcella alongside enduring essentials, styled to show how elegant embroideries, sculptural textures and dynamic prints can live beautifully together. All across the home, these combinations highlight the sensory energy and refined versatility of the collection.

We hope this guide sparks your creativity and new ways of looking at our offerings. As always, we welcome your feedback as we continue to craft resources like this in the future.

With warm wishes for the season,

The Matouk Team
