Spring 2026

Spring 2026 arrives with a mood of renewal, captivating patterns and a dynamic new design partnership.

At the center is the debut of the Matouk Tillett Collection, celebrating the mutual legacies of Matouk and Tillett Textiles. Two archival floral prints, Chrysanthemum and Geranium, return with vivid painterly lines and soft, flowing forms.

Matouk's celebrated partnership with Schumacher expands with new stripe designs. Elio brings a hand-drawn energy, while Calypso offers clean lines and subtle structure. These patterns layer easily across the home, effortlessly bridging aesthetic styles.

Elsewhere, Georgia's ruffles revisit archival forms, while the Leo Throw adds a soft touch of herringbone to the mix. Our new sleep masks introduce colorful elegance to daily nighttime routines. In the bathroom, Costas and Keiko rugs offer simple structure and tactile appeal, while new embroidered Reverie rugs highlight three of our most celebrated designs—Bel Tempo, Classic Chain and Daphne. Across the table, Matteo offers a menswear-inspired style in both new and classic colors.

The Spring 2026 collection speaks to Matouk's enduring ethos, pairing familiar motifs with fresh layers to create a season defined by lasting beauty.

With warm wishes for the season,
The Matouk Team
